MEMORANDUM FOR THE RECORD

SUBJECT: DIA/CI

1. [ ] The following is a summary of a discussion with [ ] Chief, DIA/Counterintelligence Division, on 1 February 1978; it was held at his initiative.

2. [ ] wished to brainstorm the implications of the E.O. 12036 for DIA/CI, and especially to discuss an immediate next step for him. The only CI mission in DIA's current charter is that of provision of CI staff support to the JCS, a responsibility explicitly cited also in the new E.O. DIA desires to use this to increase its CI role within the DoD CI world. The E.O. makes the Chairman, JCS an SCC/CI member along with the Secretary of Defense. DIA expects to support the Chairman, and that Admiral Murphy's Deputy for CI [ ] will support the Secretary (in consultation with the DoD CI program manager, [ ] and the military service CI agency heads).

3. [ ] was interested in how the SCC/CI might organize itself. I suggested it would be via issue and problem-oriented working groups. We discussed possible immediate SCC/CI priorities. [ ] expected to arrange for a memo to be sent from the JCS to DIA requesting DIA (a) provide continuing support to the JCS on SCC/CI matters, and (b) to advise the Chairman on those matters which DIA considered should be of first priority concern to the SCC/CI
